A Living Organism of Audio and Lore

Universos Fragmentados by Mirella R.G. is not a passive story. It is a Living Creation and Co-creation—a living tapestry of visceral books, deep lore, and immersive audio experiences designed for those who crave originality.

*As feridas foram reabertas.
E outras ainda serão.*

Reason 1: Unapologetic, Stratified Cyberpunk Worlds

A hyper-advanced society built on vertical inequality. The podcast plunges you into the extremes of São Paulo 2879.

ZÊNITE:
The Suspended Empire

Controlled upper-atmosphere

The First City Elite

Blinding Artificial Light

NETHERIA:
The Underworld

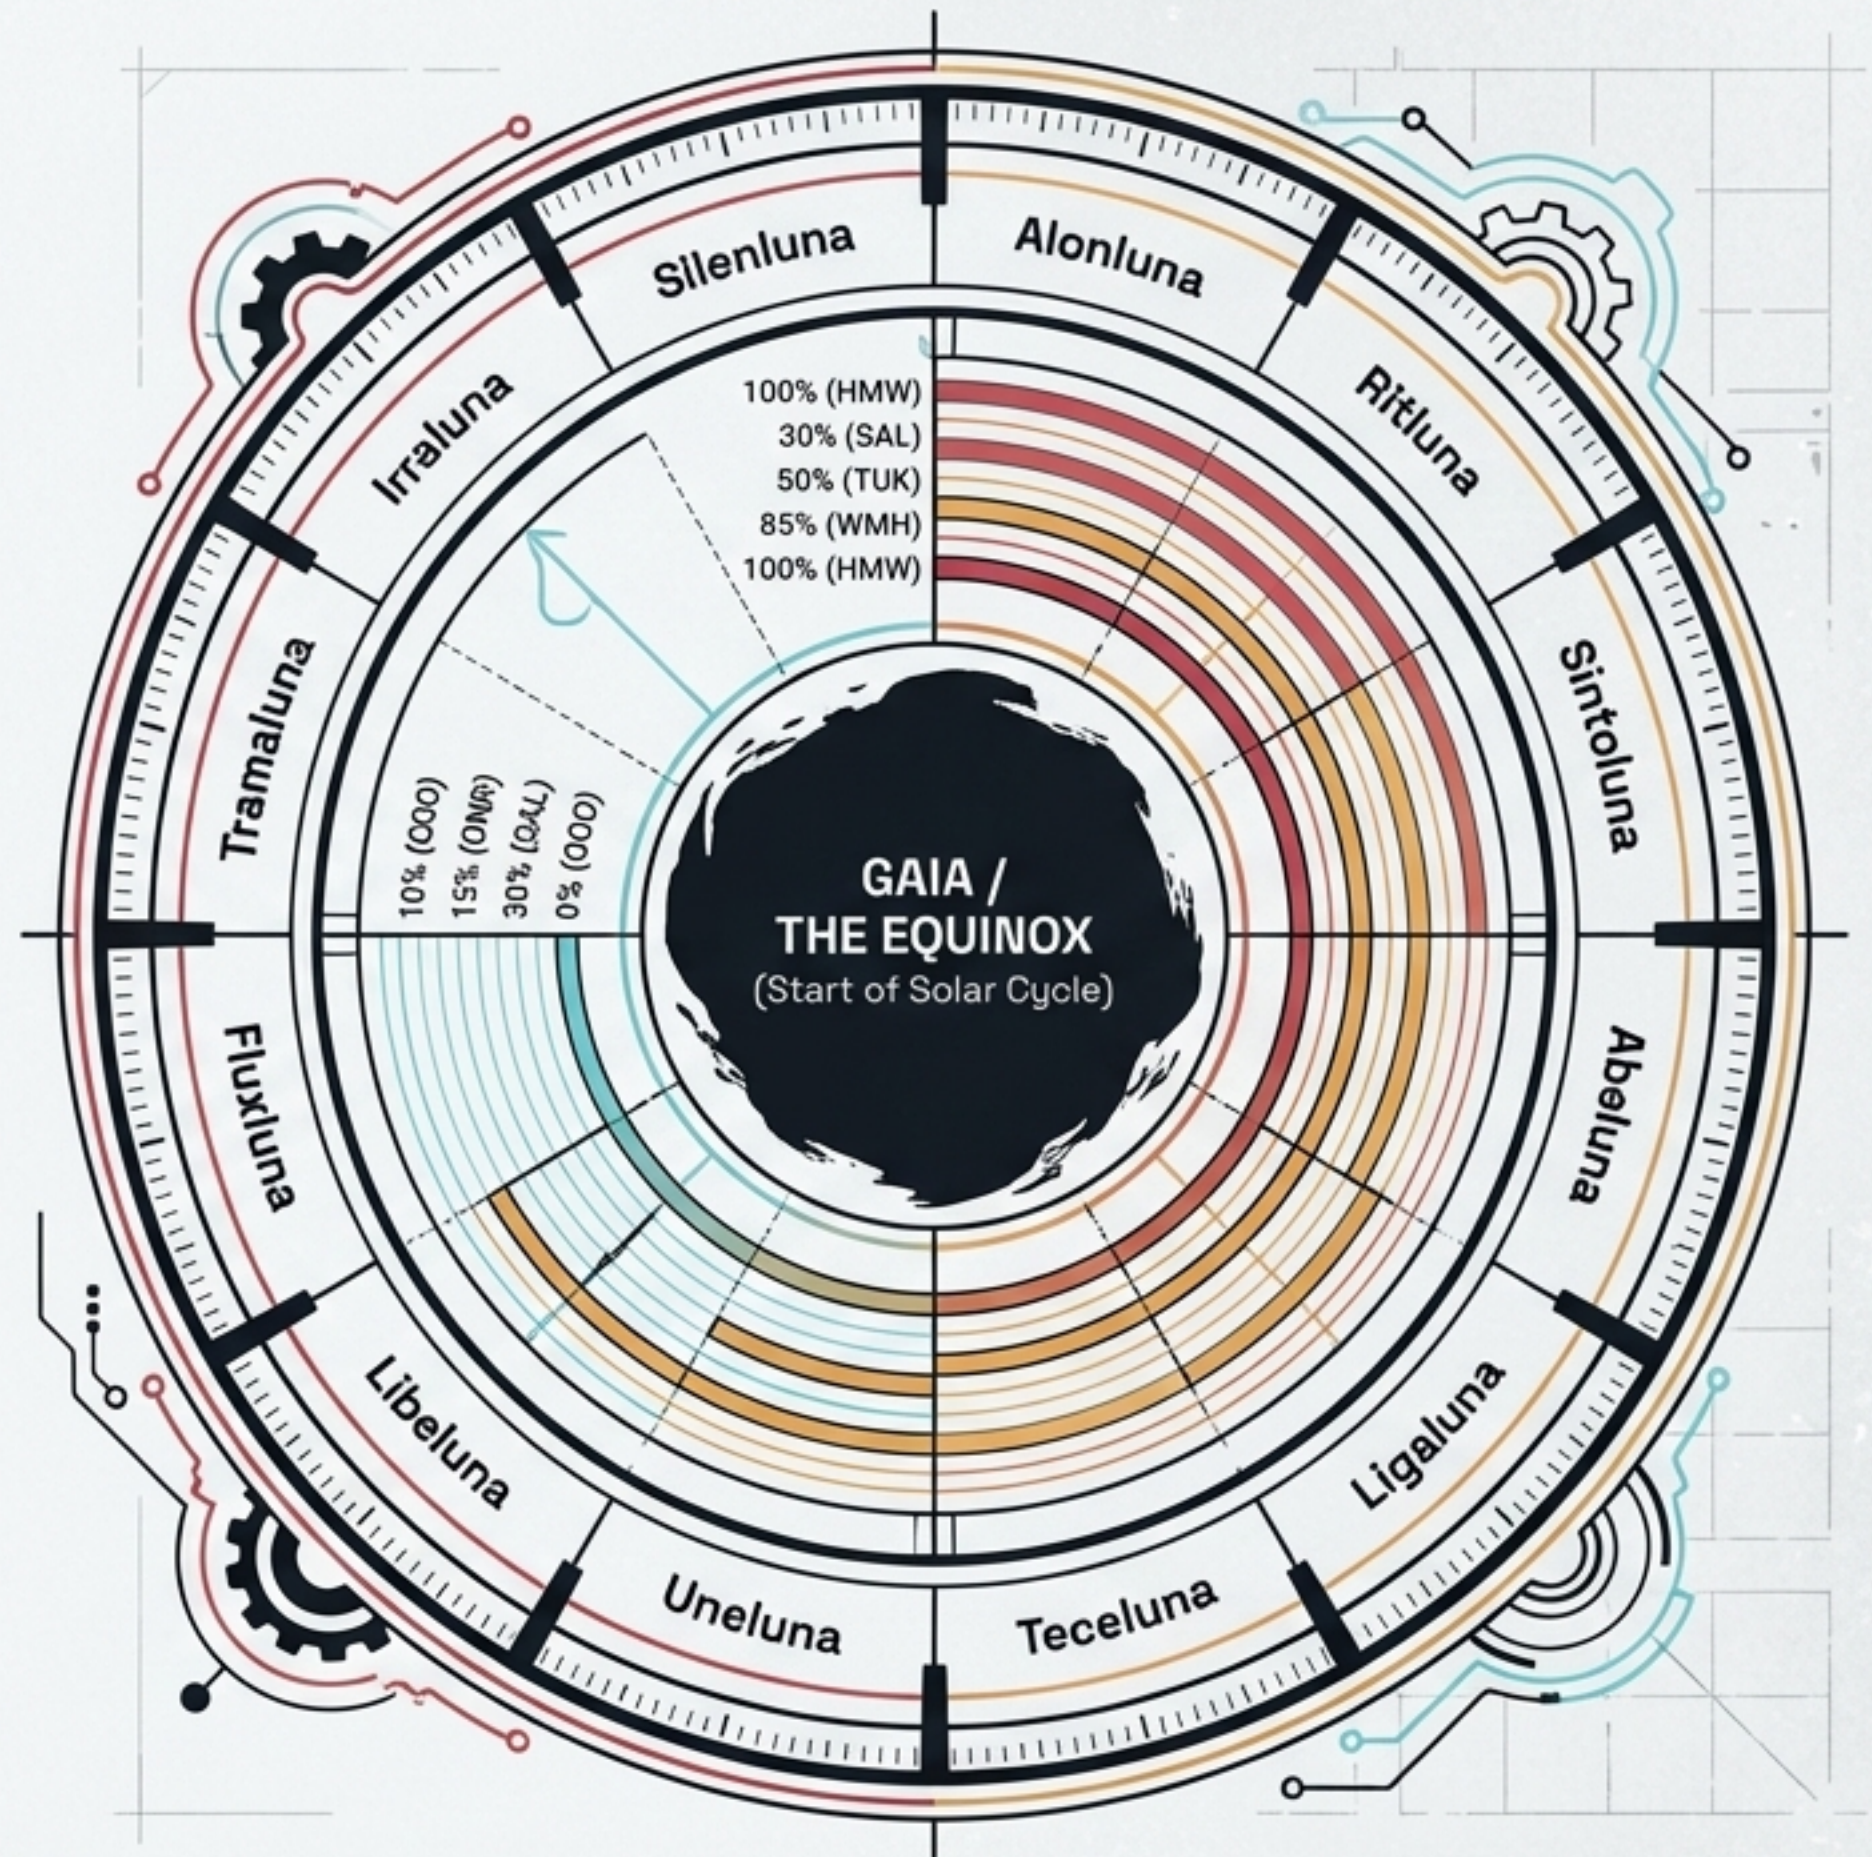

Illegal Nanotech (ON-Tec)

Vibrant, lawless chaos

Ruled by Vermina and Solterra

Reason 2: A Masterclass in Meticulous Mechanics

The lore completely rejects the Gregorian calendar, replacing it with the Lunisolar-Gaia system—a living measurement of time tied to light, tides, and cosmic rhythm.

SYSTEM CONVERSION:

Current Year: S-2879

Gregorian Equivalent: 2134

Reason 3: The Ultimate Collision of Tech and Ancestry

THE ARCHITECTURE OF CONTROL

CogniSynth:
Synthetic memory manipulation
and extraction.

QN-Tec:
Outlawed quantum nanotech
engineering.

Rede Aether:
The overarching digital control
grid and surveillance system.

THE PULSE OF THE EARTH

The Spirit Path:
The ancient traversal of
Awá Reru.

Animal Guides:
The primal intuition of Wolves
and Foxes.

Feiticeira & Anciã:
The internal biological and spiri-
tual cycles driving human fate.

Reason 4: Fierce, Emotionally Complex Protagonists

Decrypted File

AKIKO

The Brilliant Scientist

Driven by logic and bound by the strict rules of Zênite. She is unraveling the deepest mysteries of human consciousness via the CogniSynth project, until her reality shatters.

Decrypted File

MAIA

The Enigmatic Force

Organic, wild, and deeply tied to the neon-drenched underworld of Netheria. She is the catalyst for chaos, bridging the gap between cold technology and ancestral power.

Decrypted File

TRIX

The Alpha Sniper

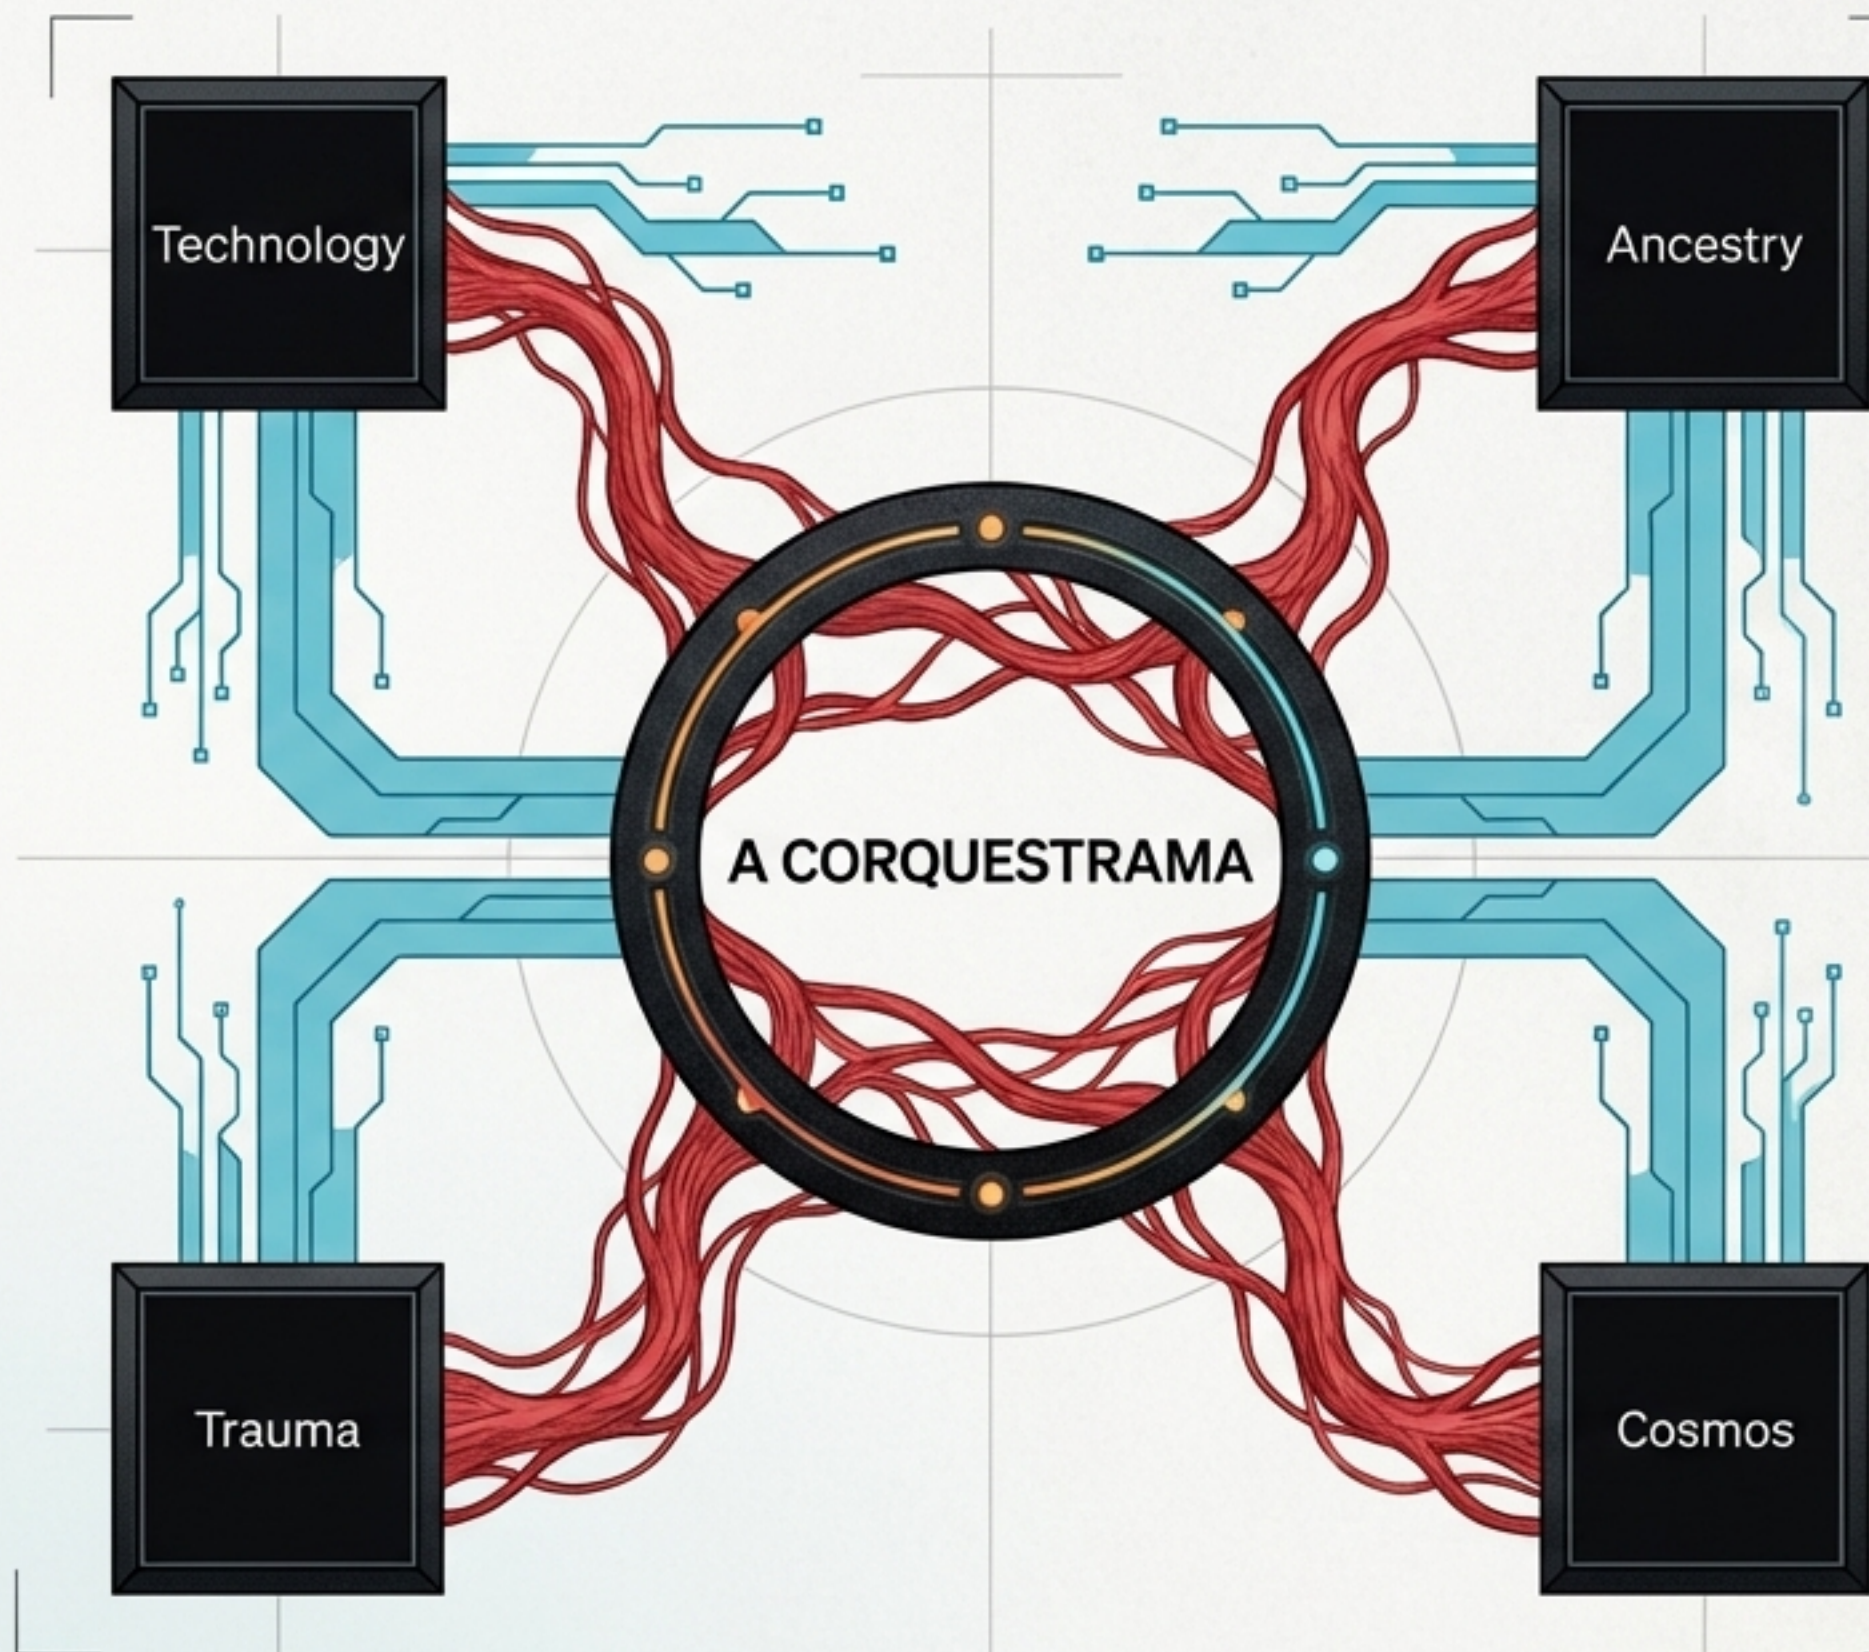

Fierce and unyielding. She navigates severe trauma, survival, and a thirst for revenge across the brutal, snowy Russian wastes of the Vorovskoy mir.

Reason 5: A Multiverse of Distinct Flavors

			
SETTING	São Paulo 2879	Khalmer-Yu, Russia	Nagasaki 2857
CORE CONFLICT	Memory & Identity	Blood & Revenge	Yakuza & Chaos
TECH FOCUS	CogniSynth	Nanoweapons	QN-Tec

The Synthesis: The Corquestrama

The podcast isn't just reciting sci-fi events. It explores the "Universal Tapestry"—the profound philosophy that this universe is a living, breathing organism where everything is connected.

“What was broken can be restored. What was forgotten can be remembered.”

Step Into the Tapestry

The fragmented universes are waiting. Hit play and begin your traversal.
